The FA, AFT 6157 as an affiliated member of the American Federation of Teachers joins our colleagues in the process of improving working conditions for our adjunct faculty. We join in by negotiating better working conditions through collective bargaining, and engaging in legislative and political activity to ensure that adjunct faculty and other instructional staff receive higher pay, better benefits, greater job security and adequate professional support. At the national level that effort has led to the development of federal legislation called Faculty and College Excellence Campaign or FACE.

Attached is the link to the national website for the promotion and support of FACE.
